**Meeting number:** 146 817 5814

**Password:** final2020

**Abstract:** This webinar will present the recent development of the workflow-based project for Covid-19 data visualization by a group of Coronavirus Visualization Team (<https://scholar.harvard.edu/cvt/home>) and sponsored by the US NSF Spatiotemporal Innovation Center. It will discuss how to develop workflows for efficient data integration, data analysis and dynamic map visualization by integrating additional python codes for dynamic maps into the tool for workflow data analysis.

This webinar is free for the public. Pls feel free to share it with those who might be interested in it. Please contact [office@chinadatecenter.net](mailto:office@chinadatecenter.net) if there is any questions.
